PARKING

Parking is available near the entrance of Shoreline Regional Park along Shoreline Boulevard. Continuous shuttle service will be available from 10:45 a.m. – 5 p.m.

ABOUT CELEBRATE SHORELINE

Thank you for joining us to celebrate the 40th anniversary of Shoreline at Mountain View regional park by taking a journey through the regional park's past, present and future at a one-day event in October. Shoreline opened to the public in 1983, with much of the acreage located over a closed landfill. Today, Mountain View's 750-acre wildlife refuge and recreational area is considered a treasured place in the middle of Silicon Valley.

At the celebration, event goers will learn about the history of the Shoreline Regional Park Community, which

Shoreline at Mountain View is a part of, and why it was established as a Special Park District by the state legislature in 1969. They will discover Shoreline's transformation from an auto wrecking yard, a landfill and a hog farm into the recreational and environmental jewel we know and love today. They will also find out about the vision of the Shoreline Community, which will bring forth dynamic, new neighborhoods containing housing, retail establishments, city and educational facilities, and new parks while preserving its natural heritage.
